PROFILE

Freshly graduated in aerospace engineering from ULiège. I'm looking forward to my first professional experience in fields related to the aeronautical, space or automotive sectors. Available immediately.

EDUCATION

2019 - 2022 **Master's degree in aerospace engineer**
Université de Liège, Liège, Belgique

Master thesis : « LQG controller development for active isolation of future gravitational wave detectors from low-frequency seismic motion »

Aerospace Design Project: Conceptual and preliminary design of an ultralight aircraft (focus on the wing design and stability analysis)

2015 - 2019 **Bachelor's degree in physical sciences**
Université catholique de Louvain, Louvain-la-Neuve, Belgique

Interdisciplinary course "IngénieursSud": Design and installation of a chicken incubator on a Beninese farm in collaboration with the NGO Louvain Coopération.

EXPERIENCES

2017-2019. **Student job : Head of a faculty cafeteria**
Cyclofette, Louvain-la-Neuve, Belgium

July 2016 **Student job : cashier and shelves restocking**
Delhaize, Chastre, Belgium

2014 - 2015 **Rotary student exchange program**
Wellsboro Area High School, Pennsylvania, United-states
